SCHOLARSHIP MEETING ON DOLLARS FOR SCHOLARS HELD OCT. 24

Last Thursday evening, Oct. 24, the Committee on Dollars for Scholars met at the home of Dana Douglass, Jr., in Mayville. Those present included Burton L. Falkofsky and Lester Farrington, from Andover; Mrs. Joyce Hathaway and Mrs. Ann H. Swan from Locke Mills; Dana Douglass, Jr., chairman; and Frank H. Glazier, Director of Guidance, from Telstar Regional.

The resignation of Burton L. Falkofsky as a director, was submitted on account of a transfer to Washington, D. C. It was accepted with regret by the board. Lester Farrington was appointed to replace Mr. Falkofsky.

The major item of business centered around the organization of a mid-winter Minstrel Show to

be held at Telstar Regional High School on Feb. 28 and March 1.

It is expected by the committee that all towns in SAD 44 will participate in the production of the Minstrel Show together with teachers and students from Telstar Regional.

All organizations and individuals are asked to contact Dana Douglass, Jr., if they wish to participate. The next meeting to advance the plans of the mid-winter event will be held on Wednesday, Nov. 20, at 7:30, at the home of the president, Dana Douglass, Jr.

Last September, "Dollars for Scholars" awarded \$900 to six members of the 1968 Senior Class of SAD 44 who are now in college. It is hoped that the Dollars for Scholars awards may be increased this year in view of the need for financial aid to deserving students.

BETHEL VOTING AT FIRE STATION TUESDAY, NOV. 5

The polls will be open from 10 a. m. to 8 p. m. for voting in the biennial general election at the Bethel Fire Station next Tuesday, Nov. 5.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

An extension is being added to what was formerly known as Blake-Lowell St., now re-named Riverside Lane. The town voted in 1961 to accept a road 700 ft. in length but built only about 250 feet of it at that time. Now there is a house being constructed beyond the present completed street. Therefore we have to extend the road another 100 to 150 feet.

Bethel will be host to the Western Maine Town and City Managers Assn. on Nov. 15. The facilities at Telstar High will be used to serve supper to the group.

The large dining area there is needed to handle a group the size expected.

STUBBORN TELSTAR DROPS 19-13 GRID DUEL TO WINTHROP

Fullback Leo Bellemare scored three touchdowns as Winthrop High closed its Mountain Valley Conference football season with a 19-13 win against Telstar Regional High School at Winthrop Saturday.

Winthrop notched a 7-0 lead in the second period after Bellemare scored on a five-yard run. Quarterback Mike Conant's pass to end Dave Poulin was good for the conversion.

Telstar rebounded in the third stanza to gain a 7-7 deadlock. Halfback Ross Timberlake ran 35 yards for the touchdown and Doug Farrar placekicked the conversion.

Bellemare's 8-yard scoring jaunt gave Winthrop a 13-7 margin in the same quarter, but Telstar sent the duel into a 13-13 tie when halfback Jim Johnson sprinted 63 yards to score. Bellemare's 35-yard scoring sprint in the fourth period salted the outcome for Winthrop.

Mert Jacobs, Barry Crowell and Mark Pettigill were offensive and defensive leaders for the winners. Farrar posed problems for Winthrop with steady running gains.

The summary:

Winthrop (19)
Le, Crowell; lt, House; lg, St. Hilaire; c, Hinds; rg, T. Jacobs; rt, M. Jacobs; re, Poulin; qb, Conant; lhb, Gatcomb; rhb, Yeaton; fb, Bellemare.

Voters to Choose Officials Nov. 5 --Decide Referendum Questions

Maine voters will receive four ballots when they go to the polls to vote in the biennial general election next Tuesday, Nov. 5.

Besides the ballot listing candidates for national, state and county offices the voters will be handed ballots giving them an opportunity to vote on a proposed State constitutional amendment, four bond issue referendum questions, and the local option (liquor) referendum.

The constitutional amendment would permit the State to insure mortgage loans granted for industrial, manufacturing, fishing and agricultural purposes to a total of \$80,000,000. The present limit is \$40,000,000. Primarily the increase is sought because of a possibility the Bath Iron Works might receive a \$2 billion destroyer contract. If this is realized the Iron Works will reportedly start a \$50 million expansion program. In this event the State would guarantee the payment of any loan needed. No state funds are involved in these matters unless borrowers are in default.

The bond referendum questions seek permission of the state's voters to issue bonds for the following: \$12,800,000 to build State Highways; \$4,000,000 for the Creation of the Maine State Park and Recreation Fund; \$180,000 for constructing a Residential Facility for Mentally Retarded Children in Aroostook County; and \$4,500,000 for a bridge between Auburn and Lewiston.

The highway bond issue is said to be necessary to prevent curtailment or cancellation of road projects.

The question regarding State Park and Recreation Area Fund would provide funds to acquire land and water, or interest in same for the benefit of the people of the state. Such acquisitions include sites for outdoor recreation, preservation of sites of historic or scientific interest, highway scenic or picnic areas, wildlife preservation or ecological conservation. (note: ecology is the study of relationship of organisms and their environment).

An affirmative vote would permit the State to issue bonds for the construction of a Residential Facility for Retarded Children in Aroostook County.

A similar request for funds to construct a new bridge at Lewiston-Auburn was turned down by the state's voters in off-year balloting a year ago.

The state's bonded debt currently authorized totals \$159,201,500. Approval of all referendum bond questions would add \$21,480,000 to this total.

This is the last time the so-called "local option" questions will be submitted to the voters automatically in the biennial election. Decisions reached in this year's voting will be binding on affected municipalities until such time as voters may petition for balloting again on the question of liquor sales.

(Specimen ballots on Page 7).

A well-loved verse from Psalm 130—"Let Israel hope in the Lord; for with the Lord there is mercy, and with him is plentiful redemption"—is part of a Bible Lesson—Sermon titled "Everlasting Punishment" to be read in all Christian Science churches this Sunday. Services at First Church of Christ Scientist, Main and Tenth Streets, Berlin, N. H., will begin at 11 a. m.

Selections to be read from the denominational textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following: "Divine Love corrects and governs man. Men may pardon, but this divine Principle alone reforms the sinner. God is not separate from the Wisdom He bestows. The talents He gives we must improve. Calling on Him to forgive our work badly done or left undone, implies the vain supposition that we have nothing to do but to ask pardon, and that afterwards we shall be free to repeat the offense."

LETTER TO THE EDITOR
West Bethel, Maine
October 26, 1968

Dear Editor:

Through your columns I would like to let your readers know that reluctantly I am giving up my work as a Volunteer Representative of National Friends of Animals in this area.

After three years of this rather thankless task, and helping many persons in the Bethel area to have their pets spayed and altered, with financial subsidization by the FOA, I feel that I cannot devote time to the work. If there is anyone who would like to be appointed as Volunteer Representative I would like to hear from them.

While several appeals, as well as informative letters about the work, have appeared in the Citizen through your courtesy, no financial donations have been made to National Headquarters in New York by anyone in all this time, except in some instances the recipient of help has paid a dollar or two towards their pet's surgery.

There has been no previous time in this country when so much money was spent on care of dogs and cats, by those who value them, but unfortunately there remain many many people who ignorantly and selfishly allow their dogs and cats to breed unwanted puppies and kittens for whom no homes exist.

These continue to suffer at the hand of man, thrown out to die, to desecrate landscape, placed in poor homes to be neglected, to become diseased, and sometimes as a result to spread disease or injury to humans.

Friends of Animals has sought to reduce this problem. The intelligent, humane people who head the organization spend hours of their time in its work, and trying to pass protective well thought out legislation.

A great deal of time is expended by many thinking people to try to make this country a better place in which to live, to preserve our beautiful scenery, and

eliminate slums and poverty—to make living in this country healthful and happy for all people—but without humane care for all our animals the objective cannot really be reached. The people who started FOA and serve as its directors include many outstanding people in the arts—theater, and the business world—men and women keenly interested in raising standards of living.

Maine Roads Assn. Favors Highway Bond Issue
Dear Sir:

The Maine Good Roads Association, an organization composed of representative highway users across the state, urges the voters on Nov. 5 to approve Referendum Question No. 1 — the \$12.8 million highway construction bond issue—in order to continue the necessary road building program for our state.

The official position of our organization on this matter is as follows: "A 'yes' vote on Nov. 5 for the \$12.8 million bond issue is definitely essential to match available federal funds and continue the highway program for the current biennium.

"Failure of the 102nd and 103rd Legislatures to provide additional income when the need was so apparent has left bonding as the only alternative to finance a minimum program.

"The Maine Good Roads Association strongly urges a vote in favor of this bond referendum."

Failure of passage of this bond issue could mean a curtailment and even elimination of highway construction projects in your area. Such action would certainly effect progress and highway safety for you and your readers. Sincerely,
Edward F. Cox
Executive Director
M.G.R.A.

I shall be pleased to forward for consideration any names offered for a new volunteer for FOA in this vicinity.

Sincerely yours,
Elizabeth Mason Carter

GOULD HARRIERS CONQUER NORTH YARMOUTH ACADEMY

North Yarmouth Academy had the first two finishers but Gould Academy won their dual cross-country meet, 28-31, at Bethel last Saturday afternoon.

Greg Wilkinson topped the field over the 2.3 mile course and was clocked at 14:43.

Rounding out the top ten finishers were: 2. Wilson (NYA); 3. Erhardt (GA); 4. Boyd (GA); 5. Binder (NYA); 6. Riley (GA); 7. B. Bailey (GA); 8. Ed Bailey (GA); 9. Lunt (GA); 10. Nelson (GA).

Vaughan, principal, spoke to groups of graduate and undergraduate students at Westfield State College, Westfield, Mass., on Oct. 21.

Visitors this week at Telstar included a delegation from Gray-New Gloucester High School on Oct. 28 and a group from Cape Elizabeth High School on Oct. 30. Mrs. Priscilla Hotte, Junior and senior counselor, is attending the New England College Guidance Clinic on counseling at Brandeis University at Waltham, Mass., on Thursday and Friday of this week.

PSAT Tests Given at Telstar On Saturday, Oct. 26

Fifty-four juniors who are making plans to attend college or vocational school took the Preliminary Scholastic Test on Saturday, Oct. 26, at Telstar.

The PSAT scores along with school records are valid predictors of academic achievement in college. By participating in the testing program students can better estimate their ability to do satisfactory work on the college level; the PSAT score provides a good basis for early estimates of a student's probable performance on the College Board Scholastic Aptitude Test, which many colleges require of some or all applicants for admission. Both tests measure the same scholastic abilities: verbal and mathematical; both consist of multiple-choice questions. The PSAT score scale extends from 20 to 80 and is equivalent to the 200 to 800 scale of the SAT.

The test scores will be returned to the students.

GREENWOOD CITY

Mrs. Collette Morgan, Corres.—

After supper as the evening shadows were falling I was listening to the strong winds among the branches as they swept the leaves by my window and across the lawn and was reminded of passages in literature. Most comparisons are taken from those of water or waterfalls.

Have you ever wondered if each different kind of leaf might have its own recognizable note?

The poplars, for example, have long slender leaf - stalks, flattened near the blades and give a free easy movement so the leaves are seldom motionless. Starting with a low rustle, just a breath in a light breeze they increase to a clatter in a strong wind and sound like the advancing of waterfalls.

"The cottonwood the wind plays on, Simulating rain"

(Marie Deleedernier)

"I know five poplars on an inland hill That murmur always with a mournful sound of distant waterfalls."

(Centaur)

"There's a rushing sound in the poplar tree . . . The lulling of sounds together all are like a dreamy waterfall"

(Henry Pilkenton)

Gentle winds I like but strong ones. No! However I enjoy reading about them and how each kind of leaf seems to talk with the wind and express itself in its own way—singing its own song and making its own gestures. Each can be indescribably impressive, especially in the forest when you walk among them.

The wind develops strength in the forest and adds to its

beauty as it is sweeping past the forest floor, past shaded banks and down the valleys with singing rivers.

John Muir writes this of a windstorm:

"Even when the grand anthem had swelled to its highest pitch I could distinctly hear the varying tones of individual trees—spruce and fir, and pine, and leafless bare oak and even the infinitely gentle rustle of the withered grass at my feet. Each was singing its own song."

Ada Clark writes of the pine "Blow, O winds Against my pine trees And I shall hear the swish Of ocean waves"

Of the hemlock Charles Stoddard tells of leaf music O, when I hear at sea The water on our lee I fancy that I hear the wind That combs my hemlock tree. This one is an exception to the water by Mary N. Carter.

"Above all droop the brown oaks, clutching fast their dying leaves, which they mean to flaunt through the winter in the face of raging snowstorms, and to rattle like castanets in the teeth of the wind"

Thus the comparisons could go on and on.

From Ada Pond's beautiful poem—

"With the setting of the sun It sighed and went away." With this I do not agree for long after twilight and far into the night the wind swept on.

Mrs. Stanley Hakala and Mrs. Clyde Morgan attended P. T. A. at Bryant Pond on Tuesday evening.

The ghosts and goblins arrived early in Greenwood City. About sixteen braved the strong winds on Saturday evening to make their calls about town. Each car-

ried a bag for a treat and several had Jack-O'-Pumpkins.

Mr. and Mrs. Clyde Morgan were Sunday callers at Frank Curtis', Leonas Holt's and Mr. and Mrs. Carroll Nottage's, South Paris.

"There is a snug contentedness about storm-window time When screens come off and storms go on with that first glistering shine."

We did our Sunday morning with the whipping winds and lapping waves for music. Never before have we had flowers in bloom at this "screen changing" time.

Roland and Elmer Hayes have finished work in Albany.

Now...right now, is the time to buy apples.

Right now at A&P, apples are at their best.

Here are some apple buying and handling tips:

SELECT APPLES THAT ARE FIRM, particularly the larger sizes. Big apples tend to mature more rapidly, and when soft, usually have a mealy texture.

REFRIGERATE YOUR APPLES. Warm temperatures cause apples to lose their crispness and tangy flavor.

QUICK PEELING TIP: If you are going to cook apples, dip them quickly in and out of boiling water. The skin will come off much more readily.

TO PREVENT DISCOLORATION OF PEELED APPLES, place slices in a pan of cold water. Add a pinch of salt for each whole apple peeled.

LEAKING PIES: Sprinkle salt on spilled juice from pies in a hot oven. The juice will burn crisply, making it easier to remove.

DISCOLORATION OF ALUMINUM UTENSILS can be removed by boiling a number of apple peelings in the utensil.

THE BEST TIP OF ALL: Don't miss the wonderful selection, the great apple values A&P has right now.

WOODSTOCK

"American children used to pray. Nowadays if you see a kid on his knees, he's just changing the TV channel," quipped a popular comedian recently. Unfortunately, the joke is all too real. We live in an age of speed and no one has time to commune with God.

The South Woodstock, Seventh-day Adventist Church, sets aside a week each fall for prayer. This is called the "Week of Prayer," and the theme of the prayer week is "Confidence." Meetings will be held each evening from Nov. 3-9, and on Nov. 2 and 9, at the morning worship services.

It is a well known fact, that our nation's leaders in the past relied on prayer and divine assistance in times of war and peril to our country.

We need to pray for our leaders today, and for strength to face present crises.

There was a snowfall for a short time Sunday and it has been very cold, rainy and windy ever since.
